

COOKIE POLICY

This website: <http://roomie-radar.com> (hereinafter, the "Website") uses cookies to track user interactions with the services offered by the website owner, Roomie, and improve their experience on the website.

WHAT IS A COOKIE?

Cookies are small amounts of information stored in the browser used by each User —on the different devices they may use to browse— so that the server remembers certain information that only the server that implemented it will later read. Cookies make navigation easier, friendlier, and do not harm the browsing device.

Cookies are automatic procedures for collecting information about preferences determined by the User during their visit to the Website in order to recognize them as a User, personalize their experience and use of the Website, and may also, for example, help identify and resolve errors.

The information collected through cookies may include the date and time of visits to the Website, the pages viewed, the time spent on the Website, and the sites visited just before and after it. However, no cookie allows it to contact the User's phone number or any other personal contact method. No cookie can extract information from the User's hard drive or steal personal information. The only way for the User's private information to become part of the Cookie file is for the user to personally provide that information to the server.

Cookies that allow a person to be identified are considered personal data. Therefore, the Privacy Policy described above will apply to them. In this sense, for their use, the User's consent will be necessary. This consent will be communicated, based on an authentic choice, offered through an affirmative and positive decision, before the initial treatment, removable, and documented.

COOKIE CONSENT: COMPLIANCE WITH THE LEGAL FRAMEWORK

By interacting with this digital domain, and in accordance with current legal provisions regarding the protection of personal data, it is our obligation to explain our practices regarding the implementation and management of cookies explicitly.

We provide, therefore, the ability to give informed consent to their use and facilitate the detailed consultation of our guidelines through our comprehensive Cookie Policy.

If you choose to continue browsing our digital platform, we will infer such action as a tacit manifestation of assent to our practices regarding cookies. However, it is essential to emphasize that you have, at your sole discretion, the ability to withdraw such consent at any time by modifying the relevant specifications of your web browser.

In order to consolidate the trust of our users, this portal operates in strict adherence to the current regulatory provisions related to the use of cookies and the safeguarding of personal data:

- The LSSI-CE regulations (Law of the information society and electronic commerce) that regulate information society services and electronic commerce in the digital sphere.
- The GDPR (Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016, a regulatory instrument enacted in 2016 by the European Parliament, which harmonizes provisions relating to the protection of personal data in the jurisdictions of the

European Union.

It should also be noted that our Cookie Policy may undergo changes to reflect regulatory adjustments or changes in our activities, with the version displayed on our site holding immediate validity.

TYPES OF COOKIES ON THE DIGITAL PLATFORM

With the primary goal of optimizing the user experience, conducting detailed data analysis, consolidating, and retrieving relevant information about browsing patterns or device specifications, the digital portal roomie-radar.com implements both its own cookies and those from external entities.

What are the specific categories of cookies implemented on this domain?

- **Technical Cookies:** These digital tools facilitate user interaction with the website, allowing the full use of its functionalities. Among their applications are the management of digital traffic, session authentication, access to restricted sections, conservation of transaction components, processes associated with events, and ensuring a secure browsing environment.
- **Customization Cookies:** These cookies enable users to benefit from a personalized service, based on preset criteria derived from the user's device specifications, such as language, browser used, or regional settings.
- **Analytical Cookies:** Whether managed directly by our entity or by third-party collaborators, these tools authorize us to quantify and analyze user interaction patterns to proactively improve the offers and services presented.
- **Advertising and Behavioral Advertising Cookies:** These cookies, whether managed internally or by third parties, give us the ability to optimize and personalize advertising content based on browsing pattern analysis. Additionally, behavioral advertising cookies allow us to establish a detailed user profile in order to offer targeted advertising.
- **Third-Party Cookies:** It is relevant to note that appwebel.com employs external services such as Google Analytics, an analytical tool provided by Google, Inc., to collect statistical data and other related to interaction on the platform. This tool uses cookies that collect information, which may be transmitted and processed by Google, and potentially shared with external entities if legal regulations require it or if they act on behalf of Google.

DISABLE, REJECT, AND DELETE COOKIES

The User can disable, reject, and delete cookies —totally or partially— installed on their device by configuring their browser (including, for example, Google Chrome, Mozilla Firefox, Apple Safari, Internet Explorer). In this sense, the procedures for rejecting and deleting cookies may differ from one Internet browser to another. Consequently, the User must consult the instructions provided by the Internet browser they are using. In the event that the User rejects the use of cookies —totally or partially— they may continue to use the Website, although they may have limited use of some of its features.

If you have any questions about this Cookie Policy, you can contact us by sending us an email to info@roomie-radar.com
